Passion

<i>I am thrilled with the prospect of being my own boss</i>	
<i>When someone says something negative about me or my ideas, I don't usually take it personally</i>	
Faith and Commitment	
<i>When I make a commitment, I keep it</i>	
<i>Other people's opinions usually don't influence the way I think or feel about something</i>	
Tolerance of Risk and Uncertainty	
<i>I always believe that my business decisions are the best I can make with the information I have at the time</i>	
<i>I am not afraid to fail</i>	
<i>I know whatever happens in my business, I will be able to handle it</i>

<i>I am very comfortable being a decision-maker</i>	
Energy	
<i>I'll work as long as it takes to get the job done</i>	
<i>I take great satisfaction from working hard and getting a task done well</i>	

The personality/characteristics assessment is intended to give you insight into your “entrepreneurial mindset”. When reviewing your results, focus on your strengths and don't be discouraged by your weaknesses. Remember that even the

most successful entrepreneurs have weaknesses. They succeed in spite of them because they work to develop these skills and competencies. Here are some key personality traits/characteristics of successful entrepreneurs:

- Entrepreneurs are passionate about their business - you will be more committed to the business the more passionate you feel about your idea
- Successful entrepreneurs can overcome obstacles and deal with challenges head-on, and are less likely to give up when things get difficult
- Entrepreneurs learn to live with risk and uncertainty. Learning to thrive in unpredictable and uncertain business conditions is critical.
- Starting and growing a successful business takes a lot of hard work and energy. Entrepreneurs work long hours and do what it takes to get the job done.
- Successful entrepreneurs possess an ability to keep going when the going gets tough, and are motivated to excel at what they do.

Category 3: Networks

Read each statement below. Indicate your level of agreement or disagreement with each statement between 1 and 5, where a 1 indicates you completely disagree with the statement, a 2 indicates you somewhat disagree with the statement, a 3 indicates you neither agree nor disagree with the statement, a 4 indicates you somewhat agree with the statement, and a 5 indicates you completely agree with the statement.

Social/Family/Professional Networks	
<i>My friends/family are encouraging me to pursue small business ownership</i>	
<i>I have friends/family who will help me succeed in business</i>	
<i>I have friends/family that are entrepreneurs</i>	
<i>I have a large network of friends/family in this town who will introduce me to others</i>	
<i>I know a lot of people in this town, and most would be happy to do business with me</i>	
<i>I have an accountant or know of an accountant that I would deal with for my business</i>	
<i>I have a business insurance agent</i>	
<i>I have contacts who can advise me on web development and e-commerce</i>	
<i>I have suppliers in the industry in which I plan to launch my business</i>	

A score of three or less on any of the above statements suggests an area where you could work to develop your network. Networks are used by entrepreneurs particularly in the start-up phase of the business. If your networks are limited, make a plan of action. Set a goal of making new contacts in your business every day. Use social media, and local clubs and associations to help your networks grow.
